ICT-Enabled Facilities for Teaching-Learning (2022-23)

In keeping with the times and the needs of evolving pedagogy, Gurudas College has maintained a steady policy of upgrading ICT-enabled infrastructure.

The college's 9 LCD-enabled rooms (of which one boasts of LMS facilities) and 2 LCD-enabled seminar halls are used for a wide variety of purposes, from regular classes to extension lectures, from student seminars to meetings and film screenings.

The 8 computer laboratories are used for regular teaching-learning purposes as per the needs of the CBCS curriculum. Resource sharing is encouraged when necessary.

The college library has 15 computers, a dedicated server that maintains the Koha Library Management System and RFID-UHD system. It would not be an exaggeration to call theGurudas College Central Library a pioneering force both within the college as well as in Kolkata in terms of its technological adaptability and forward-looking approach. The visiting NAAC peerteam (September 2021) was deeply appreciative of its work as well.
