Department of Biochemistry

Seminar Report: Recent Advancement in Biochemistry

The Department of Biochemistry orchestrated a captivating seminar, "Recent Advancement in Biochemistry," on May 4, 2023. With an impressive turnout of 69 participants, the event featured esteemed speakers delving into diverse facets of biochemistry.

Speakers:

1. Dr. Jolly Basak

- Assistant Professor, Department of Biochemistry, Vishwa-Bharati University.
- Topic: "Struggling for their lives: Plant and pathogens."

2. Dr. Tanaya Das

- Assistant Professor, Department of Biochemistry, West Bengal State University.
- Topic: "Fruit peel as fungi medium: a new phase in solid waste management."

3. Dr. Sourav Kumar Patra

- Postdoctoral Research Associate, Department of Biochemistry and Biophysics, School of Medicine, University of North Carolina at Chapel Hill, USA.
- Shared insights on his PhD and postdoctoral research experiences.

The seminar unfolded as an intellectual tapestry, where Dr. Basak eloquently explored the intricate dance between plants and pathogens, shedding light on their life struggles. Dr. Tanaya Das presented a groundbreaking perspective on solid waste management, introducing the novel concept of utilizing fruit peel as a fungi medium.

Dr. Sourav Kumar Patra provided a fascinating glimpse into his enriching journey, chronicling his research experiences during both his PhD and postdoctoral tenure at the University of North Carolina at Chapel Hill.

This symposium not only showcased cutting-edge research but also fostered a dynamic exchange of ideas among the 69 engaged participants, creating a platform that enriched the academic landscape of the Department of Biochemistry. The event served as a testament to the department's commitment to advancing knowledge and fostering collaboration in the realm of biochemistry.

Department of Botany

Students' Seminar:

The Department of Botany organized student's seminar on 26th May 2023. The broad theme of the seminar was various issues pertinent to the Plants and its importance with respect to environment. Such seminars provide a platform to students for intellectual exchange and showcasing the research process and finally finding the Gap which need to be deciphered. They took versatile topics such as biochemical findings, experimental methodologies and critical analyses of relevant literature. Following students from SEM VI made the presentation in this seminar: Yasha Podder, Brishti Dey, Anushka Bhattacharjee, Jyotishree Karmakar, Sayantika Chakraborty, Madhushree Roy, Soumali Sanyal, Falguni Sarkar, Pallabi Sarkar, Madhuchhanda Mallik, Ayantika Chakraborty, Sudeshna Baidya, Tahamina Sarkar, Soumik Kundu, Susavan Mondal, Soumik Ghosh, Chinmoy Shyam, Sayan Banik, Rohit Roy. Dr. Mousumi Das, Dr. Goutam Kumar Pahari, Dr. Mitu De acted as judges to award three best presenters award. Soumik Kundu, Sayantika Chakraborty and Ayantika Chakraborty won the best presenter award and received a prize from the department. IQAC Coordinator Dr. Gautam Mukherjee and Governing Body Member Dr. Shantanu Basu was present on this occasion. Faculties of the Department of Botany always encourages students to participate in different activities occurring outside college to boost up their self-confidence in the outside world.

Department of Computer Science

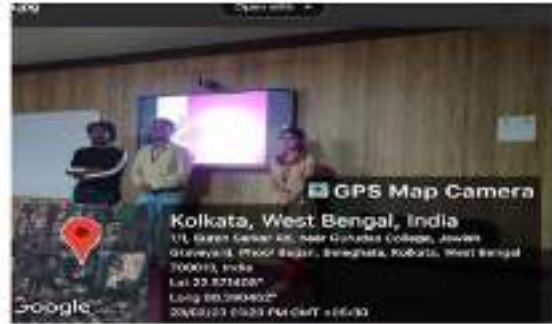

Students' Seminar on February 23, 2023 the Department of Computer Science hosted a one-day seminar for semester 5 in the ICT room. The seminar was focused on current topics in computer science. The programme started around 12 o'clock with the opening remarks and introduction of the programme by the Head of Department, Prof. Kajari Bhattacharyya. Prof. Sonali Gupta was also present during the whole seminar. The senior batch of semester 5 presents their presentations in front of their junior batch, semester 4 & semester 2. There were five groups of students in total. Each group has tried their best to discuss the unique domains of computer science

Group A talked about one of the most popular cloud-hosted databases, Firebase. They discussed real-time databases, the concept of hosting, the importance of Firebase, and why it is popular among developers and companies. They also showed how Firebase could be used in app development. **Group B** presented a PowerPoint presentation on crypto currency. They talked about different types of crypto available on the market, their market values, and India in this domain. They covered the whole concept of crypto currency mining. They also explained the block chain concept.

Group C talked about web scraping and its types. They showed how to extract data from a website.

Group D talked about the recommendation system, which is a popular approach used behind most websites and apps. The presentation talked about which type of recommendation approach is working behind popular apps like Netflix, Amazon, YouTube, etc. **Group E** presented the distributed database system. They discussed what DDS is, its significance, its function, and the various types of DDS. It also showed the recovery and storage systems in DDS. Finally, the programme wrapped up with the announcement of the names of the students who had given brilliant individual speeches.

EDUREKA Seminar Report 2023

The department of computer science in collaboration with Career Counseling Committee and IQAS has organized a seminar which has been conducted by Edureka Learning Center on 22nd March; 2023. The seminar had taken place in the Rajendra Lal Hall (G1) from 11.30 a.m. The aim of the seminar was to teach the students to learn different aspects of computer, to aware of the regular developments and to fully equipped with different languages, networking and database Management Systems so that students are always ready for job interviews. The Edureka Learning Center maintain also maintain good contact with the recruiters which might help the students to get job interview opportunities. The seminar was a successful one for the students and they were also participated at a large. Fifty Nine students were in the seminar room along with the faculty of the Department of Computer Science, IQAC, and Career Counseling Committee members

Seminar Topic:

Machine Learning: Exploring Data Driven Inferencing Department of Computer Science of Gurudas College organized a one-day seminar for students on 15th May, 2023 in G1 room. The Seminar was held by Department of Computer Science in collaboration with IQAC and Seminar Sub-Committee. Dr. Amlan Chakrabarti, Professor and Director AKCSIT, University of Calcutta, was the chief guest and main speaker of the seminar. The Seminar was focused on current topic of Machine Learning. The program started around 11am with the opening remarks and introduction of the program by the Head of The Department Prof. Kajari Bhattachariya. Prof. Sonali Gupta was also present during the whole seminar. Student of CS department welcomed Dr. Amlan Chakrabarti. The main focus of the seminar was Dr. Chakrabarti's presentation on the topic of "Machine Learning: Exploring Data Driven Inferencing". He explained the basic concept of ML and the importance of it in real life scenario. Students of all semester attended the seminar. With the simple words, Dr. Amlan Chakrabarti explained the vast knowledge to the students and enriched them. Dr. Gautam Mukherjee, the co-ordinator of IQAC, was also present during the presentation and gave his speech thanking Dr. Chakrabarti. As the last part of the event, Department of Computer Science published their E-Magazine "Web-Tech' version 2.0". The magazine was consisted of seminar presentations of the students of the department. Head Of the Department Prof. Kajari Bhattachariya and Prof. Sonali Gupta published the E-Magazine. Finally, the program wrapped up with the speech from the professors. As the HOD of the department, Prof. Kajari Bhattachariya thanked everyone for attending the event in the end.

Department of Commerce

Students' Seminar A Students' Seminar organized by Department of Commerce in collaboration with IQAC, Research Cell and Seminar Sub-Committee was held on 12th May, 2023 at Room No. 17, Commerce Building, Gurudas College. There were eight (8) speakers from B.Com Semester – VI (Honours) & Semester – IV (Honours & General) respectively. Certificates of Presentation were awarded to the speakers. In total sixty-eight students & nine faculty members attended the seminar.

The aim of the students' seminar was to provide our students with an opportunity to come up with new business ideas/proposals. The ability to present unique business ideas will enhance their career prospects in their chosen field. Apart from presenting their business ideas, other general topics were also discussed.

Name of the Speakers and their topic are as follows: -

1. Business Proposal (Catering Service - Savor the Flavour): Debjyoti Guchait & Riparna Saha
2. Business Proposal (Scrap Utilisation – Scrabble): Ritika Samanta, Chandreyie Adhikari & Nilanjana Raha
3. Time Management: Sreemoyee Banerjee & Shreya Rai
4. Impact of Covid-19 on Indian Economy: Ishita Dam

Department of Economics

Students Seminar:

The Department of Economics organized a students' seminar on 17th May 2023. The broad theme of the presentation was various aspects of development. The list of speakers is as follows. Pritha Saha, Monideepa Dey, Sumona Dutta, Ayan Pramanick, Subho Saha, Rajarshi Nandi, Bodhiswatta Chakraborty, Suraj Das, Saurav Mondal, Purnendu Bhowmick, Debjcet Dey & Shourya Ghosh. **Aim:** The primary aim was to help students develop the skills of presenting an idea in front of an audience.

Outcome: The exercise helped the students to build up confidence in terms of speaking in front of an audience. Additionally, students were motivated to do a little bit of research and learnt how to present any idea/topic coherently. Each student presented the topic with a lot of interest. The presentation also generated a lot of questions among the audience. The department also presented the Best Presenter award to Saurav Mondal for outstanding performances.

Invited Lecture:

This year, the Department of Economics of Gurudas College organized an Invited lecture for the UG-level research initiative on 16th May 2023. The resource person was Prof. Malabika Roy from the Department of Economics, Jadavpur University. The topic of the lecture was Finance and Economic Development. Prof. Roy, in greater detail, discussed the various aspects of finance and how that impacts economic development. The lecture was followed by a question-and-answer session where Students raised pertinent questions, which made the discussion interactive and lively.

Aim: To make the students aware about the contemporary issues in finance. Outcome: Students were intrigued by the lecture and raised pertinent questions

Interdisciplinary Talk:

The Department of Economics organized an interdisciplinary talk on academic writing on 22nd November 2022. Prof. Swati Moitra from the Department of English delivered the talk. She lucidly explained the importance of academic writing and how to proceed, such as organizing thoughts and expressing coherently. Students were immensely benefited from this lecture.

Aim: To give an exposure to the academic writing. **Outcome:** Students learned a great deal of academic writing. Relatively weaker students were motivated to take up the English Language class seriously.

Department of English

Student Seminar:

Undergraduate Student Research Initiatives, 2022-23 The Department of English, Gurudas College, organized a Student Seminar in collaboration with IQAC, Research Cell and Seminar Subcommittee, on May 10 2023, 10.00 am – 1.00 pm. The seminar was held in the Rajendralal Sabhagriha (G1) in order for the students to make optimum use of the room's ICT set-up. Advanced learners from Semester VI presented their papers. The lectures were ten (10) minutes each followed by discussion that was open to the audience.

The following advanced learners presented papers on respective topics

1. Ayushmita Santra (Constricted Gender Roles in Ibsen's A Doll's House) ,
2. Utsaa Bhowmick (Open Air Educational System by Rabindranath Tagore),
3. Abir Chatterjee (Partition in Saadat Hassan Manto's Short Stories),
4. Pallab naskar (Binodini Dasi's Feminine Ideas in her Autobiography),
5. Srabani Paul (Nora as a Doll in Ibsen's A Doll's House),
6. Tiyaasha Barman (How Partition affected the next generation: Post-partition Trauma in The Shadow Lines),
7. Abhishikta Bagchi (Rabindranath Tagore's Art and Drawings),
8. Amashikha Dutta (Time and Magic Realism in Chronicles of a Death Foretold),
9. Samriddha Sarkar (Representation of the 19th Century in A Doll's House),
10. Rohini Mondal (Colonialism in Things Fall Apart)

The papers covered some important topics in the CBCS curriculum across three years and encouraged students to develop insights into contemporary research. Their papers are also in consideration for publication in a students' journal. They received certificates for their presentation.

Apart from students of the English Department, students from other Departments were also present in the seminar and took active part in the discussion session.

Extension Lecture: New Perspectives on Research in Modernism

The Department of English, Gurudas College, organised an in-person extension lecture delivered by Dr. Arindam Ghosh, Assistant Professor at the Department of English, Krishna Chandra College, University of Burdwan. The lecture was titled ‘Nonsense Talk: Contextualizing the Theatre of the Absurd and Samuel Beckett’s Waiting for Godot’. This extension lecture was organised by the Department of English, Gurudas College, in collaboration with IQAC and Research Cell, on 12th April, 2023, at the Rajendralal Sabhagriha (G1). The speaker made extensive use of the room’s state-of-the-art ICT facilities. The event, which was meant to be from 11 am to 1 pm, ran up to 1.30 pm owing to the enthusiasm of the participants. A full house of over hundred students from across three semesters (VI, IV, II) and faculty members were mesmerized by Dr. Ghosh’s erudition. This lecture, covering some important topics in the CBCS curriculum, will surely be remembered as inspirational by those who attended the same

Department of Mathematics

Title of the Seminar: The Frontiers of Mathematics

Organised by: Department of Mathematics

Date: 26.04.2023

Number of Participants: 50

Name of the Speakers:

1. Prof. Madhurima Chattopadhyay, Professor, Heritage Institute of Technology, Kolkata
2. Prof. Md. Rabiul Islam, Assistant Professor, St. Xavier's College, Kolkata

Aim of the Seminar: The seminar was aimed at the enrichment of the undergraduate students, having Mathematics as one of their subjects, regarding the various fields related to Mathematics and to present an insight of the interrelations of the various fields of Mathematics itself. The topics of the talks were "Mathematical Issues for Miniaturization" and "The Rank of a Matrix via Linear Transformation".

Outcome of the Seminar: The seminar received a good response from the students. They interacted with the speakers well and got a perspective of the scope of the subject in related areas.

Student Research Initiative - Student Seminar 2022-23

Department of Mathematics

Date: 19.05.2023

Number of participants: 23

Aim: To encourage the students of the department to explore recent trends in Mathematics and to prepare themselves to present the topics in seminar.

Outcome: 11 students were selected to present in their topics in the seminar. The essays written by them on those topics resulted into the 3rd volume of 'Mathematrix', the e-content published by the department annually.

Department of Microbiology

Report: Advanced Education Scope of Microbiology Seminar

Date: March 23, 2023

Organized by: Department of Microbiology and Edwise Pvt Ltd on March 23, 2023, the Department of Microbiology at Edwise Pvt Ltd organized a seminar titled "Advanced Education Scope of Microbiology," aimed at exploring the expanding horizons and opportunities in the field of microbiology. The seminar was attended by 50 enthusiastic students eager to delve into the intricacies of this dynamic discipline. The seminar commenced with an introduction to the diverse applications of microbiology in various sectors, including healthcare, agriculture, environmental science, and biotechnology. Renowned experts and educators in the field delivered insightful presentations on cutting-edge research, emerging technologies, and career prospects in microbiology.

Key topics covered during the seminar included: Advances in microbial genomics and metagenomics Applications of microbiology in bioremediation and waste management Role of microbiology in drug discovery and development Emerging infectious diseases and global health challenges Opportunities for entrepreneurship and innovation in microbiology-related industries The seminar also featured interactive sessions, panel discussions, and networking opportunities, allowing students to engage with experts and peers, exchange ideas, and gain valuable insights into the field of microbiology.

Outcome: The seminar provided students with a comprehensive understanding of the advanced education scope of microbiology and its relevance in addressing contemporary challenges. Participants gained insights into the latest trends, research opportunities, and career pathways available in the field, inspiring them to pursue further studies and careers in microbiology-related disciplines. Moreover, the seminar facilitated networking and collaboration among students, educators, and industry professionals, fostering a vibrant community of aspiring microbiologists committed to making meaningful contributions to science and society.

Overall, the "Advanced Education Scope of Microbiology" seminar organized by the Department of Microbiology at Edwise Pvt Ltd was a resounding success, empowering students with knowledge, skills, and motivation to excel in the dynamic and ever-evolving field of microbiology.

Department of Philosophy

Report of the invited lecture:

Department of Philosophy organized a One-day Invited Lecture in collaboration with IQAC, Seminar Sub-Committee & Research Cell, on 8th May 2023. The title of this seminar was 'Feminism: Few Basic Concepts'. 25 students along with 10 teachers participated in this invited lecture. Our Honorable speaker was Dr Bidisha Chatterjee (Mukherjee), Associate Professor of Ramakrishna Sarada Mission Vivekananda Vidyabhavan. She delivered her lecture in a very lucid manner. She explained the main concept of feminism, classification of feminism very vividly. A question-answer session was followed by this lecture. In this session, students' active participation was very commendable. The aim of this seminar was to make the students aware about the discriminative gender role in the society. After attending this lecture our students were able to reconstruct their biased views about the societal role of male and female.

Report of Students' Seminar

Department of Philosophy

The Department of Philosophy conducted a One Day Students' Seminar on 11th April, '23, for the students of Semester-II (PHIA). The main theme of the seminar was "Charvaka Epistemology and Ethics". 23 students participated in the seminar among whom 9 students had presented paper. This seminar comprises of two sessions. In the first session, students presented their papers on several sub-themes and after that there was an interactive question answer session. All the papers presented in this seminar were quite enlightening. Students took active part in the question answer session also. All Faculty members also shared their valuable thoughts to improve students' write up. At the end of this seminar certificates of appreciation were distributed among the students. After attending this seminar students have come to know the unknown perspectives of Carvaka Philosophy.

Department of Physics

A Seminar was organized by Department of Physics, in collaboration with IQAC, on 10 February 2023 at 2 PM at Rajendralal Sabhagrha .

The Topic of the Seminar was: The story of Low Temperature.

About the speaker: The talk was delivered by Dr Rajib Sarkar, he is currently a Scientist ,Technische Universitat Dresden.

Abstract of the talk:

According to the basic principles of physics, it is practically impossible to reach absolute zero temperature. Almost 140 years ago the journey that began in the laboratory to reach very close to absolute zero through the liquefaction of oxygen gas has not stopped yet. During this long journey, many remarkable properties of matter have been discovered, such as the state with zero resistivity, the state with zero friction. Scientists have discovered several new states of matter. These discoveries not only gave new direction to scientific research, but also introduced many important technologies for mankind. So far thirteen Nobel Prizes have been awarded relating to low temperature. The main idea of this presentation is to give you a very brief introduction to these fascinating aspects of modern science and technology.

Department of Sanskrit

Interdisciplinary Lecture Series Report: By the Department of Sanskrit

Exploring Romantic Sensibility Across Age, Culture, and Literature: A study of Kalidas, Wordsworth and Rabindranath.

On 30th May 2023, the Department of Sanskrit (In Collaboration with IQAC, Seminar Sub-Committee and R & D Cell), Gurudas College has organized the first lecture of an interdisciplinary lecture series on "Romantic Sensibility Across Age, Culture, and Literature: A study of Kalidas, Wordsworth and Rabindranath." The event aimed to foster a deeper understanding of this complex concept by examining the works of eminent poets such as Kalidasa, Rabindranath Tagore and William Wordsworth.

The highlight of the lecture series was the insightful presentation by esteemed speaker Prof. Rajarshee Gupta, Department of English, who adeptly navigated through the intersections of literature, culture, and historical context. Gupta's expertise and engaging delivery captivated the audience, comprised of students from various disciplines, sparking enthusiasm and intellectual curiosity throughout the event. The series commenced with an exploration of Kalidasa's timeless contributions to Indian literature, particularly his profound understanding of human emotions and nature's beauty.

The first lecture of these series culminated with a discussion on William Wordsworth, a pioneering figure of the Romantic movement in English literature. Gupta contextualized Wordsworth's poetry within the socio-cultural landscape of 18th-century England, highlighting his celebration of the natural world and his belief in the transformative power of imagination with the reference of Romantic Era of English literature. Also, he adeptly drew parallels discussions on the works of Shakespeare, Keats, Shelley showcasing the universality of romantic sensibility across diverse cultural and temporal contexts. The interactive nature of the event encouraged lively discussions and exchange of ideas among participants from different academic backgrounds. Sensitivity: Internal At the end of this lecture Prof. Rajarshee Gupta, the speaker, got a resounding success with the flawless feedback of the participants.

Department of Sociology

Invited Lecture 2022-23 A Report

The department of sociology organized an Invited Lecture on 11.4.2023 titled “Little Everyday Greed” by Prof. Prasanta Ray, professor emeritus of Sociology at Presidency University. Students of all three semesters, a total of 19 students along with the faculty members attended the talk. The talk was delivered in lecture mode followed by interactive session among the students and the resource person. Prof Ray tried to establish the importance of the “everyday” within the epistemology of sociology. The focus of his discussion was on the socio-genesis of greed.

Students' seminar 2022-23 A Report

The Department of Sociology organized students' seminar as a part of students' research initiative on 31.03.2023 for the existing students of second, fourth and sixth semesters.

The theme of the seminar was Culture: It's forms and perspectives.

The students presented researched papers on different topics

- a. Identifying folk art forms in handicrafts fair in Kolkata: A Sociological study
- b. Globalization of culture
- c. Elite and popular culture: A comparative perspective
- d. Cultural diversity in India
- e. Sociology of Indian classical dance forms
- f. Intricate weave of folk culture through Kantha work
- g. Tribe and culture

A total number of 19 students participated in the seminar. The students made power point presentation to exhibit their papers and share their knowledge and thoughts on topics relevant to culture and its various forms. The aim of the students' seminar was to engage students in healthy academic discussions and interactive sessions and to build their confidence in oral and ppt presentations. Some papers were based on primary sources of data while most were on secondary based studies.

NPTEL Awareness Workshop 3, 4, 6 January 2023 IQAC, Gurudas College

Time: 10.45-2.15 pm all three days

Conveners & Speakers: Dr. Supriya Mukherjee (Mathematics) and Dr. Swati Moitra (English) The NPTEL Awareness Workshop, organized by the IQAC, Gurudas College, and the SWAYAM Local Chapter of the college, on occasion of the Student's Week celebrations (2-7 January) was a successful event. 204 students from 13 different departments (including PG Bengali) participated in the workshop. 13 faculty members from different departments also participated on different days.

Using the existing infrastructure of the college, namely, the projector and the Wi-Fi at the Department of Mathematics, students were informed about SWAYAM, MOOCs and the pros and cons of the same. A detailed discussion was held on the SWAYAM platform, its history, and the courses offered.

Discussions were held on:

- Subject-specific courses
- Subject-adjacent courses
- Skill-based courses
- Interest-based courses
- Pros and cons of self-paced courses
- Academic bank of credits

Students were also encouraged to use the SWAYAM app. Some students were shown how to use the Wi-Fi at the Department of Mathematics to download the app and to join courses on their phones.

The event was made successful by the enthusiasm of the students and the support of the college authorities. The Department of Mathematics' generous support and resource-sharing made the event possible.

Intellectual Property Rights Workshop:

IP Cell, Gurudas College, in Collaboration with IQAC, organized a workshop on “IP for Academia; Exploration and Recognition” on 24th February, 2023. The resource person was Dr. Jayanta Ghosh, Research Fellow, Centre for Regulatory Studies, Governance & Public and WB NUIS. Dr. Ghosh provided insights on Patents, GI & Copyrights. He explained the process of applying for patents & copyrights to faculties of English, Biochemistry, Botany, Physics, Microbiology and Bengali departments. The IP Cell of Gurudas College has formulated an IP policy and the same has been approved by Governing Body at its meeting held on 6th March, 2023. This policy was prepared by Dr. Jayanta Ghosh , an advisor to the IP Cell.

Seminar Report of Nandana (Women's Cell) :

Nandana (women's cell) organized a talk by Dr. Anuttama Banerjee, psychologist and academic counsellor on 23rd March 2023. The topic of the lecture was 'Love in the time of College'. She initiated the discussion with a question: 'What makes me attracted to another person?' The primary motive was to elicit responses from the students and to make students comfortable speaking about the concept of love, breakups, commitment and consent. She lucidly explained the importance of creating space for open communication, conflict-handling strategies, and sensitivity to other partners' needs in love and romantic relationships. She also pointed out that being in love, being in a relationship and having intimate moments with partners are natural and part and parcel of life. One should not put extra emphasis on these events. She ended the discussion by bringing up the issue of relationship breakups and how to deal with those emotional upheavals by creating a support network and by being compassionate to one's self and towards the other party. The interactive session lasted for more than 1.3 hrs. There were a lot of spontaneous responses and enthusiastic questions from the students.

Students Seminar: The Department of Botany organized student's seminar on 26th May 2023. The broad theme of the seminar was various issues pertinent to the Plants and its importance with respect to environment. Such seminars provide a platform to students for intellectual exchange and showcasing the research process and finally finding the Gap which need to be deciphered. They took versatile topics such as biochemical findings, experimental methodologies and critical analyses of relevant literature. Following students from SEM VI made the presentation in this seminar: Yasha Podder, Brishti Dey, Anushka Bhattacharjee, Jyotishree Karmakar, Sayantika Chakraborty, Madhushree Roy, Soumali Sanyal, Falguni Sarkar, Pallabi Sarkar, Madhuchhanda Mallik, Ayantika Chakraborty, Sudeshna Baidya, Tahamina Sarkar, Soumik Kundu, Susavan Mondal, Soumik Ghosh, Chinmoy Shyam, Sayan Banik, Rohit Roy. Dr. Mousumi Das, Dr. Goutam Kumar Pahari, Dr. Mitu De acted as judges to award three best presenters award. Soumik Kundu, Sayantika Chakraborty and Ayantika Chakraborty won the best presenter award and received a prize from the department. IQAC Coordinator Dr. Gautam Mukherjee and Governing Body Member Dr. Shantanu Basu was present on this occasion. Faculties of the Department of Botany always encourages students to participate in different activities occurring outside college to boost up their self-confidence in the outside world.
