

Session 2023-2024 (1st June, 2023 to 31st May, 2024)

Departmental Workshop

The Department of Botany, Gurudas College, in collaboration with the Internal Quality Assurance Cell (IQAC) and Research and Development (R&D) Cell, successfully organized a two-day workshop on "Algal Biotechnology: Scope for Research and Entrepreneurship Development" on **December 8-9, 2023**. The workshop featured esteemed resource persons, including Dr. Ruma Pal, Ex-Professor, Department of Botany, University of Calcutta, and Prof. Dr. Santanu Paul, Department of Botany, University of Calcutta. Experts from the Prabir Chatterjee Research Foundation provided hands-on training to the participants.

The inaugural session of the workshop commenced with a thought-provoking opening speech by Dr. Mousumi Das. The ceremony was graced by the presence of esteemed dignitaries, including Dr. Gautam Mukherjee, IQAC Coordinator, and Dr. Santanu Basu, Teacher-in-Charge. Following the welcome speech, Dr. Mukherjee and Dr. Basu extended a warm welcome to the participants, setting the tone for the engaging sessions that followed. Dr. Das then introduced the first speaker, Dr. Ruma Pal, who delivered a comprehensive lecture on the scopes, research, and entrepreneurship development in algal biotechnology. The lecture was followed by a hands-on training session, where participants gained practical experience in algal growth and cultivation, marking a productive conclusion to the first day of the workshop.

On the second day, Prof. Monalisa Roy introduced the second speaker, Dr. Santanu Paul, who shared his expertise on future directions in algal research and development. The training session that followed provided participants with exposure to various aspects of application-based algal biotechnology.

Through a combination of lectures, hands-on training, and interactive sessions, 35 registered participants gained in-depth knowledge on various aspects of algal biotechnology. The workshop attracted participants from diverse backgrounds, including students, scholars, and faculties from various colleges.

The participating students were honored with certificates of appreciation, recognizing their dedication and enthusiasm. This initiative by the department demonstrates its commitment to promoting interdisciplinary research, innovation, and entrepreneurship in the field of algal biotechnology.
