## Report on Add-on Course on Understanding Gender, Society, & Culture through Films

**Start Date:** 20th December 2023

**End Date:** 2nd July 2024

**Date of Examination:** 2nd July 2024

**Duration of the course:** 30 hours

**Number of Participants:** 152

The **Add-on Course on Understanding Gender, Society, & Culture through Films** commenced on **20th December 2023** and aims to provide students with a deeper understanding of how films reflect and shape societal attitudes towards gender and culture. This course, conducted by Gurudas College, brings an interdisciplinary approach by combining film studies with gender and cultural analysis.

The course explores the portrayal of gender roles in films across various genres and cultures. Participants examine films not just as entertainment, but as powerful tools that influence and mirror the cultural and social dynamics surrounding gender identity, equality, and social norms. Topics covered include the representation of women in cinema, gender stereotypes, and the evolution of cultural narratives through films.

Throughout the course, students engage in discussions, screenings, and assignments that critically analyse films from different regions and time periods. The curriculum includes both theoretical frameworks and practical applications, encouraging students to connect film content with contemporary societal issues.

A total of **152 participants** enrolled in the course, actively engaging with the course material and contributing to discussions. The course concludes with an examination scheduled for **2nd July 2024**, evaluating students on their comprehension of the subject matter and their ability to critically analyse films through the lens of gender and culture.

Overall, the course successfully meets its objective of fostering a nuanced understanding of how cinema reflects and shapes gender dynamics and cultural norms.
