Educational Excursion 2023: “Industrial Visit to RAMCO Cement Factory”

****

The department of Chemistry and IQAC, Gurudas College had jointly organised an educational excursion 2023 presided by our honourable Principal Madam on 19th of December 2023 to RAMCO Cement Limited factory located at Mecheda, West Bengal. Total 46 members (10 faculty members, 4 non-teaching staff and 32 students) participated in this Industrial tour. Both the Hons/Mejor and General/Minor students were participated in this educational excursion gracefully. The engineers from RAMCO Cement factory helped us to visit the plant and their laboratory. They explained us thoroughly about the variety of cements and demonstrated the cement manufacturing process. Finally, the RAMCO HR had offered our students to apply for internship/job with suitable qualification. Here are some glimpses of Industrial Excursion:
