

Students' Week Celebration, 2025

Department of Political Science in association with IQAC, Gurudas College organized an interdisciplinary lecture by Saptadeepa Banerjee (Assistant Professor) Department of History. Her talk was titled 'Anarchy is Order: The idea of social organization in Bakunin and Kropotkin's Anarchist thought. She said that Anarchy doesn't mean lawlessness, it means order of a higher nature- spontaneous cooperation of human beings. Bakunin said destruction implies a passion for creation. She dwelled at length on Anarcho-socialist thought and Anarcho-syndicalist thought. It was an intellectually stimulating and rewarding experience for the students and teachers.
