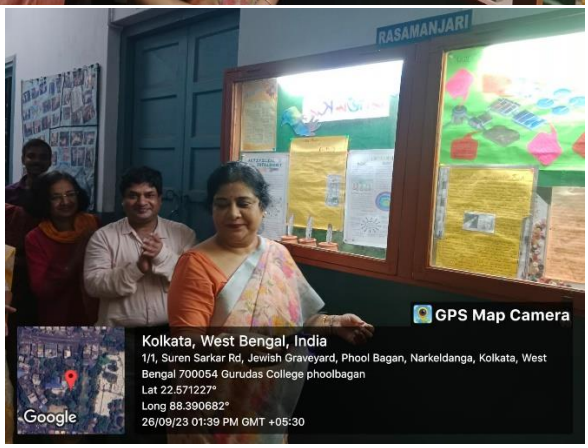
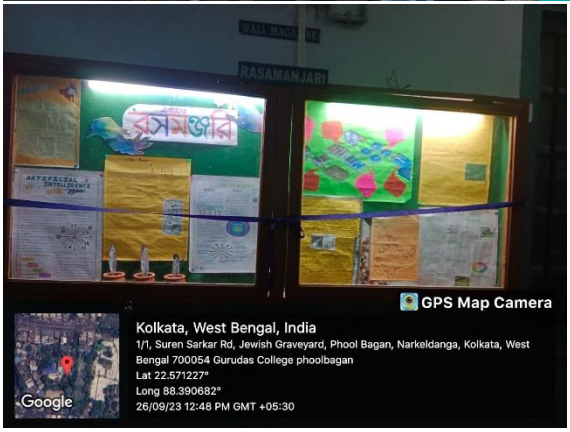
Departmental Activities 2023-24: Department of Chemistry: Wall Magazine




Our departmental wall magazine "Rasomanjori", prepared and fabricated jointly by General and Honours students of Department of Chemistry under the supervision of Dr. Jolly Mahapatra, was inaugurated by our honourable Principal Madam Dr. Mausumi Chatterjee on 26th September, 2023. Eight scientific topics viz. "Green Chemistry", "Artificial Intelligence", "Chemistry of Rocket Fuels" etc. from different domains were prepared in the form of posters and put up. The response of the students was literally overwhelming and scientific discussion during the session encouraged them to grow their interest in research-oriented domain of several fields of Chemistry.
