

## Students Seminar organized by Dept of Botany:

The Department of Botany organized student's seminar on **26<sup>th</sup> June 2024**. **Semester IV** hons were the participants. The broad theme of the seminar was various issues pertinent to the Plants and its importance with respect to environment. Such seminars provide a platform to students for intellectual exchange and showcasing the research process and finally finding the gap which need to be deciphered. They took versatile topics such as photosynthesis and its importance, polyherbal and its necessity in modern days, water and its importance, antidiabetic herbal drugs, etc which includes experimental methodologies and critical analyses of relevant literature. Following students from SEM IV made the presentation in this seminar. Dr. Mousumi Das, Dr. Goutam Kumar Pahari, Dr. Mitu De, Dr. Anwesha Biswas, Prof. Monalisa Roy, Dr. Suptothita Choudhury and Dr. Moumita Bishai acted as judges to award three best presenters award. Biprokanti Nandi, Satyajit Das and Priyanka Sen won the best presenter award and received a prize from the department. IQAC Coordinator Dr. Gautam Mukherjee and Governing Body Member Dr. Shantanu Basu was present seminar presentation.

## Glimpses of the Day
