Report on Debate Competition and Wall Magazine Publication

The **Department of Computer Science, Gurudas College** successfully organized a **Debate Competition** and **Wall Magazine Publication** on **5th January 2025**. The event aimed to promote critical thinking, academic discussion, and creative expression among students.

The **debate competition** was conducted between students of **Semester 1 and Semester 3**. Participants actively presented their views on relevant and contemporary topics such as **Digital Divide**, **Gamification**, and **Data Localization**. The debates reflected students' awareness of technological, social, and ethical issues, along with their analytical and communication skills.

Simultaneously, a **Wall Magazine** was published by the students of **Semester 1**. The wall magazine featured well-researched and informative presentations on advanced and emerging topics including **Agile Methodology and Extreme Programming**, **Digital Twins and Metaverse Concepts**, **Big Data Analysis and Data Mining**, and **Holographic Technology**. The publication showcased students' creativity, innovation, and academic interest in modern computer science trends.

The debate competition concluded with the announcement of winners. **Ayush Chandra Roy** secured the **1st position**, followed by **Harsha Biswas** in **2nd position**, and **Rupsa Chatterjee** in **3rd position**. The event was a great success and provided a valuable learning experience for all participants.

Overall, the program encouraged intellectual engagement, teamwork, and enthusiasm among students, contributing positively to the academic environment of the department.
